

About Us

BAWI S.A. is the largest enterprise in the northeast region of Poland, offering school, office and hygiene products, being an important printing paper supplier nationwide.

The Company was founded in 1991 and has since recorded a continued growth in income on sales and profits. The Company's annual turnover amounts to about PLN 55 mln.

The Company's main strategic objectives are as follows:

- To continuously aim to create a reliable service.
- To maintain a good financial condition.
- To continue to augment its outlets.

The BAWI Joint-Stock Company's considerable amount of capital, many years experience and also its in-depth knowledge of the most demanding market's requirements regarding the sale of products it offers – allow the Company's Board to operate in a stable manner and take serious measures which have an impact on the Company's future.
